

## Northbourne School

St Peter's has strong links with Northbourne C of E Primary School.

Northbourne Primary School has about 250 pupils.

The school was opened in January 1962 and is of an interesting modern design with bright and attractive classrooms, a hall, library and special needs/music room. They are very proud of their well-equipped ICT suite and that they have interactive whiteboards in every classroom.

Stepping stones preschool run by Didcot Baptist Church, recently moved to the Northbourne school site.
